2K Full-color Image at Night, Won't Missing Beautiful Moments

- Hassle free with great portability. It is tiny, light and easy operation to let you carry it anywhere.
- With advanced algorithm techniques, Mini C displays one crystal clear full-color image at night.
- High Definition IPS screen presents the entire scene in sharp color with high-quality details of wildlife and natural beauty even in darkness.

Incredible Night Views, Mini C Keep Everything Sharp

- Enhanced vision technology, find, observe and catch every moment of wildlife in the dark easily but don't frighten them.
- Up to 1000ft night vision distance, sees much farther than eyesight to get the real situation in advance.
- 4X digital magnification, enjoy the wonderful world of wild in darkness

Review Fantastic Moments and Share Instantly

- Flip through photos and videos instantly with Mini C 3.5 inch high resolution touch screen. Paired with app and built-in WiFi, share your fantastic and wonderful moments to social media easily.
- Integrate type-c port for both charging and files exporting up to 480MB/s to avoid SD card damage.
- Timelapse recording to squeeze a long period of beautiful time into a short clip. You can playback your timelapse while it's being recorded.

Better Adventure Experience than Traditional Night Vision System

Product Diagram

Product Specifications

Basic Info

Weight	0.4kg
Mounting Interface	M6 threaded hole
Material	Aluminum alloy,ABS

Electric Specs

Battery Type	Li-Po
Battery Capacity	3000mAh
Battery Voltage	3.7V
Charging Time	120 mins(When using 5V/2A charger)
Working Voltage	5V
Charging Port	Type-C
Operating Temperature	-10°C~60°C
WiFi	802.11g/b/c
Battery Life	240mins

Hardware

Aperture	F/0.9
Sensors	1/1.8" night vision sensors
Image Sensor Pixels	5M
LCD Touch Screen	3 inch with 854X480 resolution
Resolution	2K
Storage	128GB
Photo Size	5M 3200 X 1808
Photo Format	JPEG
Video Resolution	2K
Video Format	MP4
LED Light	3 level dimming control
Encoder	H.264
